Gianmarco is an associate in the corporate team.

Gianmarco focuses on securitisation operations, debt restructuring transactions and real estate deals involving the purchase of mortgage loans and the repossession of properties, advising both industrial clients and real estate funds.

Recently, he has acquired considerable experience in the banking sector, providing assistance to Italian family companies with setting up credit facilities for ordinary finance and acquisition finance.

He also provides legal assistance on corporate and commercial matters for private companies and start-ups.
